- Denial of Permit: Applications may be denied if: proposed street use is primarily for private or commercial gain, violates any federal or state law, hinder the movement of police, fire or emergency vehicles, not enough information, or not enough time for board approval.
- Clean-up requirements: the holder of any permit issued under this section shall return the street to the condition that existed prior to the use by the time the permit expires. The Village will make such restoration in the event that the permit holder fails to complete the work and bill the permit holder for the cost incurred by the Village in performing this work. Failure to make timely payment within a reasonable time after receiving the statement for cleaning work shall constitute grounds for refusal to grant the permit holder any other permits in the future.
- Termination of street use permit. A street use permit for an event in progress may be terminated by the Village President, or those authorized by the Village President, or a law enforcement officer if the health, safety, and welfare of the public appear to be endangered by activities generated as a result of the event.
